## GET READY FOR THE GENERAL DATA PROTECTION REGULATION

### TRAINING OUTLINE

The data protection regulation commonly referred to as the 'GDPR', will come into force throughout the EU and EEA on May 25th, 2018. This regulation is highly significant for any organisation who handles or monitors the personal data of individuals within the EU and EEA. The regulation aims to:

- Safeguard the personal data privacy rights of individuals.
- Heighten accountability for how personal data is acquired and handled.

The GDPR applies to all organisations (and sole traders) who:

- collect, share and use the personal data of EU/EEA residents; or, who
- offer goods and services to, or monitors EU/EEA residents.

By the end of the workshop participants will:

- Explain why the GDPR is necessary
- Explain how the GDPR strengthens the rights of individuals (data subjects)
- Understand the implications for organisations of obtaining consent
- Explain the factors to consider when auditing data security
- Explain how to prepare for GDPR compliance
- Identify specific data protection issues applicable to their organisations
